**KTape Application** requires skilled hands to get the most benefit. Effects of Kinesotape are different depending on the direction and stretch of the tape or stretch of the skin. Research shows wearing kinesiology tape may improve circulation, and help heal and prevent muscle injury. It's different from traditional athletic tape because it allows freedom of movement and blood flow to speed the healing process. *Please Schedule as Therapeutic Massage for 30 minutes (although it may not take that long), and add a note in the Special Instructions. \$55 or \$15 added to any other massage.*

 COSTA MESA OFFICE ONLY 

**At-Home Appointments:** All treatments available in limited Orange County areas. Trip Charges vary (depending on distance, therapist and preparation time) from an additional \$25 to \$50 per trip. Call or email us to see if you qualify.
